

# Bring Me The Horizon, Oh No

You don't have to lie, know exactly where you've been  
Coz you're chewing off my ear, while you're chewing on your chin

No we're not on the level, you're just off your face  
It's not a state of mind, though, your head's just in a state  
I may be on the outside but you're empty within  
It's getting kind of old now, I think it's time to pack it in

Don't call it a party coz it never stops  
Now one is too many but it's never enough  
Don't tell me you're happy coz this isn't love  
So be careful what you wish for  
So be careful what you wish for

Who you trying to fool?  
You know you're in over your head  
Coz you're holding onto heaven but you're hanging by a thread  
No we're not on the level, you're just off your race  
It's not a state of mind though, your head's just in a state  
I may be on the outside but you're empty within  
It's getting kind of old now, I think it's time to pack it in

Don't call it a party coz it never stops  
Now one is too many but it's never enough  
Don't tell me you're happy coz this isn't love  
So be careful what you wish for  
So be careful what you wish for

Don't call it a party coz it never stops  
Now one is too many but it's never enough  
Don't tell me you're happy coz this isn't love  
So be careful what you wish for
