

Britney Spears, It Should Be Easy (ft. will.i.am)

I've been thinking
Just sitting thinking sitting
On why I love you
And all my reasons
And if I lost you
Boy, if I lost you
I'd lose myself
And I wouldn't feel the way I feel now

You bring me sin
Yes, you bring me sin
You make me feel like a million, billion
I'll let you in
But don't you break my heart
Don't you bring me apart
No, don't you bring me apart

Baby, love, it should be easy
It shouldn't be complicated
It should be easy
I don't know how else to say it

You don't know how to feel

I've got visions
Boy, I've got visions of me and you
Happily just living
Now go there out there
The beautiful men
But you my future
Baby, you my right now
If there was a scale from 1 to 10
Then, my love for you is a million, billion
Boy, I'll love you till the day I'm dead
So please, don't mess with my head
Please, don't mess with my head

Baby, love, it should be easy
It shouldn't be complicated
It should be easy
I don't know how else to say it

You don't know how to feel

Baby, love, it should be easy
It shouldn't be complicated
It should be easy
I don't know how else to say it
