

Britney Spears, Perfect Tonight

In my hood
Theres a boy
Making girls breathless
Serving Tea down on 39th street

And today
Even though
It may seem hopeless
Ill go down on my stumbling feet
And ask him out - oh yeah

And if Tonight
Turns in to this "Perfect tonight"
Then have a little mercy on my soul
And if the moon

Just lights up his devilish smile
Its gonna take a lot of manners to stop me from this:
- steal his precious first date-kiss

Im so ashamed
I am weak
What a big failure
I couldnt speak - couldnt feel my own tongue

Im such a fool
What can I say
But today - trust me!
I will do a little better this time
And ask him out - oh yeah
