

# Britney Spears, Wake Up Girl

Dumb girl  
Did you see the latest Vogue  
Has it ever occurred to you  
That you dont fit the latest trend

Dumb , dumb girl  
Cant you see youre such a joke  
When was the last time your cellphone rang  
Babygirl lets not pretend

Be smart - dont try to discodance, and  
Sweetheart - dont even come at all

Wake up girl  
All the beautiful ones are laughing  
Wake up girl  
all the beautiful boys are forever taken - girl!

Dumb girl  
You could always be like us  
Do your boobs and a nosejob to  
And dont forget about the smile

But til then  
Keep a distance on the bus  
Take a look at my beeper now  
Thats a number not to dial
