

Bruno Mars, Anderson .Paak, Silk Sonic, After La

Damn, I don't even know who I was last night
There's just something about you
You just made me feel, mmm, achhh
Was it good for you?

Ufff, baby
Now I don't know what you did when you did what you did
But you did it girl
See normally I don't stutter but you do it to me!

Wishing on a shooting star say a prayer for me
And hope it comes true, ohhhh wow, wow, wow!
Throw my phone out the window
There's no player in me
Those days are through
Those days are over, baby, wow, wow, wow!
Wait a minute now

You put in on me like i never felt before
That gushy gushy good
Girl, i want some more
Sweety sticky, thick and pretty
You changed the game!

(whad'd you do?)

After Last Night
After Last Night
i think i ma in love with you!
i think i ma in love with you!
After Last Night
i don;t knwo what i do
baby, you need to tell me!
