

Bruno Mars, Lights

Eyy-eh-eh-ehh

You said that I was so not afraid

You said that I was just a [?]

But I'm not trying my best to owe it

You told me that I'm not to follow

And you only knew what you do, babe

If you only saw what I was

But I'm not try'na bet this only

Cuz you can't count my own deals on it

Oh I wanna touch ya with the lights on

Oh I wanna freak you with the light-

My lonely girl you're my only girl

This is so not cha fault

You're my only girl (Yeah)
