

Bruno Mars, Rest Of My Life

Everyday I wake up next to a angel
More beautiful than words could say
They said it wouldn't work but what did they know?
Cause years passed and we're still here today
Never in my dreams did I think that this would happen to me

As I stand here before my woman
I cant fight back the tears in my eyes
Oh how could I be so lucky
I must've done something right
And I promise to love her for the rest of my life

Seems like yesterday when she first said hello
Funny how time fly's by when you're in love
It took us a lifetime to find each other
It was worth the wait cause I finally found the one
Never in my dreams did I think that this would happen to me

As I stand here before my woman
I cant fight back the tears in my eyes
Oh how could I be so lucky
I must've done something right
And I promise to love her for the rest of my life
