

Bryan Adams, Hearts On Fire

Some other time
Some other place
We might not 've 'bin here
Standin' face to face

I just wanna tell ya
Made up my mind
You know I can't help the way I feel inside

Oh this heart's on fire
Right from the start it's bin burnin' for you
Oh this heart's on fire
One thing honey - this heart's true

The streets are empty
The lights are down
Aint nothin' movin'
This side of town

So come on over
I ain't hard to please
Oh baby - what you get ain't always what you need

Oh this heart's on fire
It's gettin' hotter now can't you see
Oh this heart's on fire
From now on babe it's gonna be you and me

Risin' to my feet I can feel the heat
It's tryin' to pull me under
Runnin' through the night we can make it right
It's comin' on like thunder

Some got it good some got it bad
But you're the best I ever had
I never worry you're so fine
From now on babe I'm gonna be by your side
