

Bryan Adams, Let's Get Christmas Going

Seasons are a changin' - leaves are comin' down
Temperature is dropping - frost is on the ground
School is almost over - boys and girls go free
Cheeks are getting rosy - it's time to decorate the tree
What are we waitin' for?

Let's get Christmas going, the Christmas tree is glowing
And the gifts are overflowing - let's get Christmas going
Let's get Christmas going - the winter wind is blowin'
We can't stop it snowin' - so let's get Christmas going
Let's get Christmas going - let's get Christmas going

The summer's sadly over - Halloween's no more
We're waiting for the winter - it's knockin' on the door
We got, carrots for the reindeer - and milk for Santa's thirst
We'll leave cookies by the chimney - if dad, doesn't get there first
So what are we waiting for?

Let's get Christmas going, the Christmas tree is glowing
And the gifts are overflowing - let's get Christmas going
Let's get Christmas going - the winter wind is blowin'
We can't stop it snowin' - so let's get Christmas going
Let's get Christmas going - let's get Christmas going

Let's have a look what's underneath the tree
Open up pressies to see what they could be
364 days has been way too long - sing along!

Let's get Christmas going, the Christmas tree is glowing
And the gifts are overflowing - let's get Christmas going
Let's get Christmas going - the winter wind is blowin'
Let's get Christmas going - so let's go build a snowman
And let's get Christmas going
