

# Bryan Adams, Say Hello Say Goodbye

The costumes, the scenery that make up the props  
The audience that lifts you when you're down  
The headaches, the heartaches, the packing, the flops  
The sheriff who escorts you out of town

There's no business like show business  
There's no business I know  
Everything about it is appealing  
Everything the traffic will allow  
Knowing that you get that happy feeling  
When you're taking that extra bow

There's no business like show business  
There's no business I know  
Everything about it is appealing  
Everything the traffic will allow  
Knowing that you get that happy feeling  
When you're taking that extra bow

Say hello say goodbye  
Good to see you're glad to rock and roll you  
Say hello say goodbye

You're the ones that really stole the show yeah  
Split your spats as you're gone thru the band  
It's good to move, to groove to you tonight  
Tip your hat, to the boys in the band  
Sorry but it's time to end this show yeah
