Bryan Adams, She Believes In Me

i'm tossing and turning and i can't get to sleep got something on my mind - i just can't release then she whispers so softly - that she believes in me

if i let her down - and tried to disguise it she always see through it always replies that no matter what i do - she believes in me

all the times i failed - gone slighty off the rails she's there to remind me - she believes in me when it all goes wrong and i feel i'm own she's there to remind me - she believes in me

don't get me wrong - i not some kind of fool i give her my world if she asked me to cuz here's no denying - she believes in me

but i'm only human - i'm just a guy that sometimes makes mistakes and i can't explain why some say crazy - but she believes in me
