

# Bryan Adams, So Happy It Hurts

Travel down Trans-Canada 1  
Top down!  
I got the radio on  
Alriht  
Gonna thet it tonight

I little closer  
Every bent on the road  
Mothor running  
Think, I am gona explode  
I am Alriht  
I got you on my sights  
Blacktop burnin underneath my wheels  
It's crazy how I feel

I am so happy it hurts  
I am so happy it hurts  
I am so glad it's outrageous  
I am so happy it hurts  
That stupid grin on my face  
Must be some kind of curse  
You put a spell on me baby  
I am so happy it hurts

The sun is shining  
And there's no more rain  
Step on the gas and forget all the pain  
Let it go, out on the open road  
Rocky mountains in the rearview mirror  
I can't wait til I get there  
All right  
I am gonna drive all night  
Been around the world  
There ain't much I've missed  
But I ain't felt nothing like this

I am so happy it hurts  
I am so happy it hurts  
I am so glad it's outrageous  
I am so happy it hurts  
That stupid grin on my face  
Must be some kind of curse  
You put a spell on me baby  
I am so happy it hurts
