

# Bryan Adams, Something To Believe In

It's funny what goes through your mind,  
When you think of times you spent together,  
Funny but when I think back why we broke up,  
The reasons seem so small,  
One day she's with me everything's fine,  
Sayin' somethin' sounded like I love you,  
The next week I see her walkin' down the street with someone else,  
Probably sayin' the same thing,  
It's doin' my brain in...

I got nothin - Goin' nowhere,  
Tired of under achieving,  
I keep searchin' - Nothin's workin',  
It's not enough just to be breathin',  
I need somethin' to believe in.

It's funny what goes on in your head,  
When you think about the way things come together,  
But now I think back why things had to change,  
The reasons seem so small,  
Cruel twist of fate keepin' me awake,  
When I need to sleep to take away the hurtin',  
But now I got time on my hands tryin' to understand,  
But there ain't no explainin',  
It's doin' my brain in...

I got nothin - Goin' nowhere,  
Tired of under achieving,  
I keep searchin' - Nothin's workin',  
It's not enough just to be breathin',  
I need somethin' to believe in.

I got nothin - Goin' nowhere,  
Tired of under achieving,  
I keep searchin' - Nothin's workin',  
It's not enough just to be breathin',  
I need somethin' to believe in.

Yeah, what about you?  
I need somethin' - To believe in,  
Yeah.
