

# Bryan Adams, That's How Strong Our Love Is (feat. Jennifer Lopez)

They said we couldn't make it  
They said it wouldn't last  
But look who's talkin' now  
We had the last laugh

Yeah, we seen some fire  
And we felt some pain  
We been through the toughest times  
And we'd do it all again

It's you and me against the world

That's How Strong Our Love Is  
That's How Strong Our Love Is  
Gonna tell everybody it's true  
yes, I do!  
That's How Strong Our Love Is  
That's How Strong Our Love Is  
Gonna tell everybody 'bout you  
yes, I do!

nobody believed  
that we'd last this long  
nobody believe it  
but we proved them wrong  
and all the trouble and strife  
that life something brings  
if we can get through this  
we can get through anything

It's you and me against the world

That's How Strong Our Love Is  
That's How Strong Our Love Is  
Gonna tell everybody it's true  
yes, I do!  
That's How Strong Our Love Is  
That's How Strong Our Love Is  
Gonna tell everybody 'bout you  
yes, I do!

you could be a million miles away  
but I know it's gonna be just fine  
gonna be just fine  
it's gonna be just fine  
I think about night and day  
but there's nothing gonna change my mind  
nothing gonna change my mind  
there's nothing gonna change my mind

That's How Strong Our Love Is  
That's How Strong Our Love Is  
Gonna tell everybody it's true  
yes, I do!  
That's How Strong Our Love Is  
That's How Strong Our Love Is  
Gonna tell everybody 'bout you  
yes, I do!
