

bryska, You Were In Love (piosenka z filmu 365 D

You were in love with me
Now you wanna burn my heart

I know I could love you anyway
But it feels like memories are away

what they told us so cold
When you want to give me gold I want to save my soul
Never again
Which one of us would take a plane?
Glass of champagne
Now we will never be the same

Now I will let it burn
My lungs will be filled with ash

I wanted to love you anyway
But now you're no longer like

what they told us so cold
When you want to give me gold I want to save my soul
Never again
Which one of us would take a plane?
Glass of champagne
Now we will never be the same

Never again
Never again, never the same

I know I could love you anyway
But it feels like memories are away
