Buck Owens, There's Gotta Be Some Changes M

There's gotta be some changes made round here I can't go on like this and that's for sure Yes, I've gotta know, is it stop, is it go, Should I leave or stay, am I just in your way There's gotta be some changes made round here.

There's gotta be some changes made round here For I can't stand another lonely night of fear Don't be so unkind, I'm almost out of my mind. Do I fit in your plans Please tell me where I stay, There's gotta be some changes made round here.
