

Buckcherry, Porno Star

I got this pleasant view late night working avenue, never had a chance to love you never want to see
Thank God it's quitting time fuck me harder kill the lights, never had a chance to love you never want to
Take off your clothes and shut the door, pornographic monster on the floor, that's what you like I'll be
In my face on top again a dead lay lover never wins, never had a chance to love you never want to
The best fuck you'll ever have a good job from a working man, never had a chance to love you never want to
[Chorus]
