

Buddahead, When I Fall

Don't you know that I cried in silence.
I was too afraid to be saved by the hands that held me.
I waited without hope.

Without you I lose myself.
I find it hard in cheap hotel with bleary eyes
And no one knows it.

When I fall, When I lose my head,
You're the one I call.
When I fall, When I bleed,
The one I need,
You're the one I want,
The one I call.

Can't you hear the voices humming madly
Somewhere in my head?
But instead of trying I'm just hiding.
Lost in my regret.

Without you I lose myself.
I find it hard in cheap hotel with bleary eyes
And no one knows it.

When I fall, When I lose my head,
You're the one I call.
When I fall, When I bleed,
The one I need,
You're the one I want,
The one I call.

I've dragged the past into the light.
I want to leave it here.
I've dragged the past into the light.
Come take me away from here.
