

Buddy Holly, Baby It's Love

Sixty seconds of heavenly bliss
one minute of your sweet kiss
then my heart was all a mess
it's love - baby, it's love

Sixty minutes of you in my arms
one hour to learn of all your charms
then my heart's like a fire alarm
it's love - baby, it's love

Twelve hours of you to tantalize
one day for me to realize
my heart flutters like butterflies
it's love - baby, it's love

Seven days - a wedding to plan
one week and then I begin
my life of a happy married man
it's love - baby, it's love

Four weeks of quarrels and kisses
one month of fighting the missus
I'm wondering now what the heck that this is
it's love - baby, it's love
