

# Built To Spill, Reasons

come through me  
you arrive and i'm on fire  
subdue me  
to explode that you inspired  
so groovily  
second episode of all smiles  
let's make a movie  
in the name of all great liars  
improvising kaufman style  
they are all reasons to me  
they are all reasons to be  
they are all reasons to see  
they are all reasons to me  
how the hell do you do this  
change the colors shapes and size  
i'm clueless  
not one thing i recognize  
so foolish  
every now's a big surprise  
help me to get through this  
stay with me until i die  
there's nothing else i wanna try  
they are all reasons to me  
they are all reasons to be  
they are all reasons to see  
they are all reasons to me  
they are all reasons to me  
they are all reasons to be  
they are all reasons to see  
they are all reasons to me
