

Bullet For My Valentine, Four Words

Betrayed one more time
But somewhere down that line
You're gonna get what's coming to you
Look at me
(look at me now)
Look at me NOW
Put it out from my past?
To leave the one, inside, intact?
I can't wait to return the favour
Look at me
(look at me now)
Look at me NOW
Too many times I've seen it
Rip a hole into our friendship
This is how it's been, how it always will be...
You think you're above me (YOU THINK YOU'RE ABOVE ME)
But now I need to end this
Four words to choke upon...
Look...look
At, me, NOW!
Betrayed one more time
But somewhere down that line
You're gonna get what's coming to you
Look at me
(look at me now)
Look at me NOW
Put it out from my past?
To leave the one, inside, intact?
I can't wait to return the favour
Look at me
(look at me now)
Look at me NOW
Too many times I've seen it
Rip a hole into our friendship
This is how it's been, how it always will be...
You think you're above me (YOU THINK YOU'RE ABOVE ME)
But now I need to end this
Four words to choke upon...
Look... look
At, me, NOW!
OHHHH!
TOO MANY TIMES I'VE SEEN IT
RIP A HOLE INTO OUR FRIENDSHIP
FOUR WORDS TO CHOKE UPOOOON!
Too many times I've seen it
Rip a hole into our friendship
This is how it's been, how it always will be...
You think you're above me (YOU THINK YOU'RE ABOVE ME)
But now I need to end this
Four words to choke upon...
LOOK... look
AT, ME, NOOOOOOOOOW!!!
