

Burning Witches, Executed

I'm haunted by demons
They will never set me free!
They occupied my soul
Wresting away a part of me

Executed - under sentence of death
Executed - fight till your last breath

More than 200 years
I was treated like a trull
Left behind with my fears
I couldn't save my pretty skull

Executed - under sentence of death
Executed - fight till your last breath

I'm haunted by demons
My father was the very first
Only a man without conscience
Can prepare you for the worst

I'm haunted by demons!
With the kindness I gave
In this dark and sordid chamber
I was digging my own grave

Executed - under sentence of death
Executed - fight till your last breath

Executed!!!
