

# Burns, Lies (Otto Knows)

You've been cheatin' and tellin' me lies  
You've been creepin' while I'm sleepin' at night  
You've been chasin' every girl in sight  
You've been messin' around, lyin' down  
It's over now  
Baby please forgive me

What I'm about to say  
What I'm about to do  
I can't take no more  
I know you ain't been true  
That's why I'm telling you  
That's why I'm telling you

You've been cheatin' and tellin' me lies  
You've been creepin' while I'm sleepin' at night  
You've been chasin' every girl in sight  
You've been messin' around, lyin' down  
It's over now  
Baby please forgive me

What I'm about to say  
What I'm about to do  
I can't take no more  
I know you ain't been true  
That's why I'm telling you
