## Bush, Bomb

Wanted to buy you shiny red things thought i'd be with you til the end how did i know that i would be there blow me away see if i care death of a future goodbye to my friends wish i could see you all again family hollow family real wish you were here see how i feel kill a man kill a girl kill a man kill a girl jekyll in you brings out the wired in me i have no defense i'm all that you see the night is a bomb blast the night is on fire sing with me in the gasoline choir and you say you want to change our minds i've paid for your belief with mine of allthe bravest stands in time you stoop so low you will never rise
