

Busta Rhymes, I'll Do It All

(feat. LaToiya Williams)

[LaToiya Williams + (Busta)]

I-iiii-iiiih, I never thought

Thaaaaaaat I, could fiiiind (excuse me miss)

Someone, so special (can I have a word wit'chu baby)

[Busta Rhymes]

Miss can I get a second to speak and quietly mention

That I am so into who you are, can I get your attention

My observations of you creates conversations for you

And if you got a little time, I got the patience for you

Okay? Good, you givin me the time to talk?

While I figure it out and sort what I'm tryin to say, let's walk

Just tryin to keep it gutter, respectfully I won't stutter

Don't you agree, we look better when we walk with each other?

I've seen you many times, yes I've encountered many dimes

I'm feelin somethin special with us, it's just one of the many signs

I think that we have to look forward to our go-through

Any war with you regardless what it is I'm tryin to score with you

Sometimes I think and wonder especially through rain and thunder

If I'd ever find the one to ride when I'm on top or under

Until we reach the end, ma with love as I be your friend

Oh; here you can take my number, I hope we can speak again

[Chorus One: LaToiya Williams]

No matter how mister, no doubt I'll die wit'cha

Until the end of life, lay down on the ground wit'cha

I'll give my life to you; I hope it all comes true

Ready to start for you, I give all my heart to you

And when together I hope we never fall apart you know

Now that it feels so good; our thoughts are understood

[Busta Rhymes]

I'd like to learn from ya, but I'm 'bout to turn from ya

It's been about a week and I ain't even heard from ya

Is it somethin at all or did I just bump in and fall

And even though you did I see how you was reluctant to call

But it's nothin to crawl before we walk (OOH) listen

And it's nothin to stall before we talk - look

To tell the truth I'm happy I found you and that I can be around you

And thus I'm diggin you, I ain't just tryin to pound you

I'm only tryin to crown you and wife you and wedding gown you

Regardless what I'm with, shorty seem like she always down to

just spend a little time and then CLICK, you know that kind of chemistry

The recipe to then SIP, and a little bit of wine

Mami I like your kind that light the fireworks and bombs up

The type of chick I wanna talk about when I call my moms up

Until the love is empty I credit the one who sent me

The most BEAUTIFULLEST woman and she ridin with me

[Chorus Two: LaToiya Williams]

(I'll do it all) I'll do it all wit'cha, go through any door wit'cha

It doesn't matter I will, go against the law wit'cha

Just know you live through me; your love is all I need

If you ain't know you make me, no one's ever shown you baby

To tell the truth {?} you've got me goin crazy

Your love so real to me; and that's all that I, can see

[LaToiya Williams]

This is a thing I wanna feel forever, and I ain't goin nowhere

Cause you mean so much to me

No matter how my people try to doubt ya, I know the truth about ya

It doesn't matter to me

Baby I love you and I always told ya, I'm always here to hold ya
Cause you do so much for me
No matter how they try they can't deceive us, nothin can come between us
Cause you mean so much to me

[Busta Rhymes]

Listen; trust me and I will trust you, I ain't into tryin to fuss boo
Deeper than any lust, I'm only tryin to mindfuck you
That's probably why and maybe I can nickname you my baby
Now that you made me a man you're officially now my lady
Despite the stormy weather I cherish your love forever
And nourish everything we have 'til we grow old together
I'll never trick you, mislead or try to be shaky wit'chu
I only wanna make all the rest of my babies wit'chu

[Chorus One w/ ad libs + Chorus Two w/ ad libs]
