

# Busta Rhymes, If You Don'T Know Now You Know

Welcome to Rap City, it's your boy Big Tigger and I'm  
Happy to introduce my guest, Mr. Busta Rhymes  
It's Busta Bus, you know the god you trust, that masterful thinker?  
Good to see you again, since we went viral at the Grammys killin'  
What's happenin'? Everything good, how the hell have you been?  
It's been a strong five years since we last checked in  
Ayo, been strategically movin' the chess pieces on the chess board  
Yeah, you see me, the way that I been creepin' on 'em, yes Lord (Nice)  
You see it  
Let's take a ride on the personal side  
Where the good, bad, and ugly seem to always collide  
And you always seem to survive any cards you've been dealt  
So tell me where you're currently at with your physical health (Okay)  
And while I always kill, it's always someone that's tryna curse me  
I gotta give thanks, I'm blessed, and, yes, I'm completely healthy  
And I love when niggas talk and despise me, so I let 'em  
See, the answer to show niggas better than you can tell 'em  
You've had to deal with a lot of real-life drama  
What do you say to those people that's just callin' it karma?  
I ain't gotta say shit to 'em, it's the balance of life  
You gotta go through love and hell if you want it to turn out right  
And despite the turbulence, if it's my karma to keep winnin'  
I hope the karma continues 'til angel voices is singin' to me  
See, I embrace with open arms what karma's bringin' to me  
Hope y'all embrace these bombs in this movie  
Thirty years plus since Bus grabbed the microphone  
And now I understand you're back with Sylvia Rhone?  
You're motherfuckin' right  
See, me and the boss lady move tight  
In my career, she's been the brightest light  
Back in the day, it was tapes, wax, and CDs  
Now it's TikTok, MP3s, and digital streams  
A lot's changed since you first came in the frame  
Wanna know your opinion on the state of the game  
The state of the game is cool and I respect the evolution  
But when it comes to business, it gotta be a better solution  
Seems like the more things change, the more they stay the same  
Explain what's goin' on with this big-ass chain  
Ayo, see I don't buy jewels to stunt no more, call me mineral investor  
I buy shit I can pass down like all of my ancestors  
Big diamonds, big gold for the whole world to see  
With an architectural design by TraxNYC, believe it  
I'd ask to rock it, but I might fall  
And by the way, how much of a ball was Live at Carnegie Hall?  
Man, the shit was necessary and needed and so essential  
The shit was legendary, historical, monumental  
Black excellence suited, lookin' so godly, exceptional  
Me, Mr. Lewis, and Scratchator movin' professional  
Price different than what it was before, please move the decimal  
See Robert F. Smith and Earn Your Leisure was incredible  
This year at the Grammy was one for the ages  
Tell me why you always amaze us every time you on stages  
Now, I appreciate the acknowledgement, let 'em read the articles  
The thing me and my crew posses is called the god particle  
I rock passion on that stage that make other niggas look horrible  
The conquerors on stage like you doin' the impossible  
My nigga Spliff is Neo in the Matrix, I'm the oracle  
When we step up on that stage, it becomes a problem that's unsolvable  
It's a testament to the way you do things  
And I gotta ask, how dope was is to be on tour with Wu-Tang?  
Correction, I was on tour with Wu-Tang and Nas  
The audience had a lot of gangsters and beautiful broads  
Every night was a family reunion and gathering of gods  
Fucked it up every show, every evening, I needed a massage, shit

Back to the stage with a microphone, peep hella gods spit  
I'm celebrating, bring me a queen with some large tits  
You, Scratchator, and Spliff put it down every night, and  
If Spliff can't go, Big Tigger be the hypeman  
No? Then tell me who's playin'  
This new album produced by Swizz Beatz, Pharrell, and Timbaland  
Correction again, this album is executive produced by the dragon, Pharrell and Timbaland and Swi  
Listen to this  
I wrapped this present up proper, now I'm liftin' a gift  
The greatest minds came together so the culture will shift  
We gave you something more potent for you niggas to sniff  
'Til we delivered, you probably thought this shit was a myth  
And disappears in smoke like it was steamin' or piff  
Dreamin' that we was close friends like it was me and Spliff  
Man, I can't wait 'til that new shit drop  
'Specially the same year we celebratin' fifty years of hip-hop  
Plus you're an all-time great, we can agree  
But tell me what you want your legacy to be  
Well, everything about my whole genetic make-up been stamped  
My legacy the greatest, intercontinental champ  
I ain't talkin' 'bout you, Tigg, but if somebody wanna doubt it  
Go tell 'em do they research, I don't need to talk about it  
Okay, let's talk about the scene  
When you got teary-eyed on BET gettin' your Lifetime Achievement  
I'm sayin' true indeed, when I got the call, I couldn't believe it  
All the sacrifices I had to go through just to receive it  
Missin' precious moments with my kids like the planets collidin'  
The lesser of the two evils so I could keep providin'  
Such a celebratory moment, everything was pleasant  
My kids was with me in the room, so my legacy was present  
Nice, it's almost time for us to break here  
Before we go, is there anything else you wanna make clear?  
Yeah, I wanna make it clear I hope y'all people honor it  
Kiss this ring while you respect my conglomerate  
God bless, I wish you the best, keep doin' it bigger  
And thanks for sittin' down to kick it with your boy Big Tigger  
Bus, you had an amazing career (Facts)  
But if this track snaps, then we gotta run it back next year  
And I'm sorry interview time is up and it gotta end  
Next time we pull up on each other, we can do this shit again  
And if you don't know, now you know  
And if you don't know, now you know, nigga

A-ra-ta, a-ra-ta-ta-ta, a-ra-ta-ta-ta-ta  
Yes, yes, yes, yes, yes, hahahaha
