

BWO, Barcelona

The silence is good I know what I should
But I want to party then zen is no good
The city is fine the party is mine
The night is for clubbing
I've traveled the world I've been up and down
I've seen lots of places
But this is my town
You've got what it takes the night
Is awake the music is pumping.

Back to boogaloo when the club is kicking
Back to boogaloo and your tongue is licking
Play my peek-a-boo when the club is kicking
Back to boogaloo.

Barcelona gonna take to the sky
Barcelona ride a late night flight
Barcelona got to shake on a high
Barcelona in the neon lights
Barcelona gonna take to the sky
Barcelona ride a late night flight
Barcelona got to shake on a high
Barcelona in the neon lights we belong.

What Gaudi attracts and Mercury sang
The city I honor when you do your thang
My thang is the night the city of lights
Tonight is for clubbing.

Back to boogaloo when the club is kicking
Back to boogaloo and your tongue is licking
Play my peek-a-boo when the club is kicking
Back to boogaloo.

Barcelona gonna take to the sky
Barcelona ride a late night flight
Barcelona got to shake on a high
Barcelona in the neon lights we belong.

Cause you were the best thing ever
Never never lose you out of sight
I give you my sweet devotion
Strong emotion things will be alright
Cause you were the best thing ever
Never never lose you out of sight
I give you my sweet devotion
Strong emotion things will be alright.

Barcelona gonna take to the sky
Barcelona ride a late night flight
Barcelona got to shake on a high
Barcelona in the neon lights
Barcelona.
