C-BooL & Skytech, La La Love (feat. Giang Phan

I hear voices in my mind I have never felt so strange my mind's spinning I see almost like a teen new beginnings

I hear words I've never heard And don't know if I am prepared For this moment But this feeling turns me on I am happy and I am strong My heart's open

something happened now But I don't know what Maybe it's the time That I fell in love

baby, dance whit me but don't change this song now I know for sure Why I fell in love Why I fell in love

Why I fell in love Maybe it's the time that I fell in love Why I fell in love

something happened now But I don't know what Maybe it's the time That I fell in love

baby, dance whit me but don't change this song now I know for sure Why I fell in love

all the voices in my head tell me it is not so bad it's so crazy and this feeling turns me on I am happy I am so strong listen, baby

something happened now But I don't know what Maybe it's the time That I fell in love

baby, dance whit me but don't change this song now I know for sure Why I fell in love Why I fell in love

Why I fell in love Why I fell in love now I know for sure Why I fell in love

something happened now

But I don't know what Maybe it's the time That I fell in love

baby, dance whit me but don't change this song now I know for sure Why I fell in love

La La Love La La Love I know it's the time that I fell in love

La La Love La La Love Now i know for sure Why I fell in love La La Love
