Cadaveres De Tortugas, (Respect) My Way

Why do you look at me if you hate me? When I see your disgust I go crazy 'cause you can't see, what's in my brain and I don't have any disease in my vein

You condemn me without knowing me Because of formalities I'm your enemy I just don't want to understand Why am I worst when I'm different

I live my life how I want it - My way I don't give a f**k if you don't like it - My way Just hate me I don't give a damn shit - My way You can't see what's in me so I don't care what you say

Don't want to tell me, who I have to be Just look at your own life and let me be who I am, there's a lot of bigger problem Leave me alone and concentrate on them

You waste your time with things of no importance And forget easy what's the real substance Don't f**k with me and don't see my aim You play yours and I play my game

My way
