

Cake, Daria

when you tried to kiss me
I only bit your tongue
when you tried to get me together
I only came undone
when you tried to tell me
the one for me was you
I was in your mattress back in 1982

Daria, I won't be soothed
Daria yeah, I won't soothed
over like smoothed
over like milk, silk,
a bedspread or a quilt,
iceing on a cake
or a serene translucent lake

Daria, Daria, yeah Daria
I won't be soothed
I won't be soothed

when you tried to tell me
of all the love you had
I was cleaning oil from beaches
seeing only what was bad
when you tried to feed me
I only shut my mouth
food got on your apron
and you told me to get out

Daria, I won't be soothed
Daria yeah, I won't soothed
over like smoothed
over like milk, silk,
a bedspread or a quilt,
iceing on a cake
or a serene translucent lake

Daria, Daria, Daria,
Daria yeah, Daria, yeah Daria yeah
I won't be soothed
I won't be soothed
