

Calla, Astral

I know I said I would talk
If You think I should

Sit
Notice
I'm in silence
What if I'm not quick enough?

My time may come soon enough

I know I said I would talk
If You think I should

Sit
Notice
I'm in silence
What if...

My plan
My fall
My plan is my fault
All my thoughts have started to wear off
Just because You said so
