

# Calla Lily Band, Stars

a picture of you reminds me  
how the years have gone so lonely  
and why do you have to leave me  
without saying that you love me

i'm saying i love you again  
are you listening  
open your eyes once again  
look at me crying

if only you could hear me  
shout your name  
if only you could feel  
my love again  
the stars in the sky will  
never be the same  
if only you were here

a picture of you reminds me  
how the days have gone so empty  
and why do you have to leave  
without saying that you love me

i'm saying i love you again  
are you listening  
open your eyes once again  
look at me crying

if only you could hear me  
shout your name  
if only you could feel

my love again  
the stars in the sky will  
never be the same  
if only you were here

i'm saying i love you again  
are you listening  
open your eyes once again  
look at me crying

if only you could hear me  
shout your name  
if only you could feel  
my love again  
the stars in the sky will  
never be the same  
if only i had wings  
so i can fly  
i wanna be with you  
for all the time  
my love for you will never die

If only you could hear me  
shout your name  
If only you could feel  
my love again  
the stars in the sky will  
never be the same  
if only you were here  
if only you were here ...
