Calvin Harris, 5 AM (ft. Tinashe)

[Verse 1]

Tryna live my life any way I like it
Never let a [..] mess up my eye lid
Something 'bout, they hit me by surprise
She, feelin' hella sprung, if you with it then you got it
I've been waitin' up, nothin' on but your chain now
Filling up the tub, what's the scent of the day now
Boy you can't resist it, boy you know you miss it
Can we find a way?

[Chorus]

5 am I can't eat right, I can't sleep night
I can't do anything without you
I've been running from you all night and now it feel like
I can't do anything without you
Want you I want you babe
I want it baby
Want you I want you babe
Yeah I need it baby
Want you I want you babe
I want you I want you babe
I want it baby

[Drop]

5 am and I want you baby 5 am and I want you baby

[Verse 2]

What you tryna play boy, you know I'm ready I'm like a buffet, body's yours for the taking Almost done for breakfast, tell me you gon' make it Hungry, hungry boy, you'll be begging for the bacon Practicing my tricks, I got plenty Throw one down right now if you'd let me Tell me what you like Ride if you ready, ride if you ready

[Chorus] + [Drop]

5 am I can't eat right, I can't sleep night
I can't do anything without you
I've been running from you all night and now it feel like
I can't do anything without you
Want you I want you babe
I want it baby
Want you I want you babe
Yeah I need it baby
Want you I want you babe
I want it baby
Want you I want you babe
I want it baby

[Drop]

5 am and I want you baby 5 am and I want you baby

[Bridge]

Cause it's 5am, 5am I can't eat right I can't sleep right Won't do anything without you Can't do anything without you
