

# Calvin Harris, Disco Heat

Inside me, inside me is a flame  
That burned brighter anytime you came  
Gets in the way when I'm alone with you  
But disappears if I'm with someone new  
It learnt how to fit into my foreplay  
With my skills love was going okay,  
Until the night when we were on the phone  
You're moving on what better.....

OW!

uh oh yeah  
uh oh
