

# Camera Obscura, Do It Again

Call my number  
26 and three-quarters  
Turn down the lights now  
Let's do it again

You were insatiable  
I was more than capable  
And you fought in my corner  
Would you do it again?

You, you, you're walking around  
Can you see tears on this clown?  
I said one more time around  
Let's do it again

Said: "Call my number"  
26 and 3,4  
Turn all the lights down  
Let's do it again

You were insatiable  
I was more than capable  
And you fought in my corner  
Would you do it again?

You, you, you're walking around  
Can you see tears on this clown?  
I said one more time around  
Let's do it again

Let's do it again
