

# Camera Obscura, Marathon Not A Sprint

Marathon not a sprint

( I love my Jean EP - 2005 )

Honey you were good for me but I can't deny my need to be free grows  
I resigned myself to climb the stairs to your  
winning thighs and endless prayers alone  
My new-found confidence you hate, everything put down to fate  
Nothing less or more  
It's a marathon and not a sprint  
That's what we said before we quit  
Love should grow  
Should boast

I feel I'm doing time  
With someone not on my side  
A mystery divide  
Brings me close  
To who I love the most

A friend from the capital came to visit  
Will she comfort me or does she want to gossip  
Who knows?  
I'll take these worries to the park  
I won't come home until after dark  
Noone will know except you of course  
I'll go swimming and ride a bike  
Maybe turn into someone that you'd like  
It's a marathon and not a sprint  
That's what we said before we quit  
Love should grow, should boast
