

# Camera Obscura, My Friend

My Friend  
( Keep it clean EP - 2004 )

You remain behind  
Not so close to me  
You don't know where I've been

You don't feel by my side  
You remain so far from me  
As I want to be from you

This place is so cold  
Don't speak for me  
I don't want to speak  
It wastes my time  
Don't make me laugh  
Don't make me cry  
Don't ask my name  
Don't look into my eyes  
My friend
