

# Camera Obscura, Teenager

for your birthday she sent you a card  
she didn't sign her name she gave an autograph  
now she's trying to call your bluff  
is she your true love?

we knew the boy who went from Mod to Ted  
she asked matter of fact had he gone off his head  
he was uncomplaining as a tree  
not a thing like me

you're not a teenager  
so don't act like one  
sure she is a heartbreaker  
does she have one?  
is it down to me, down to me?  
we both rarely speak

I went for a stroll after dark  
I thought of you and her while staring at the black  
I didn't have you down for being easily led  
or the girl well read

you're not a teenager  
so don't act like one  
sure she is a heartbreaker  
does she have one?  
is it down to me, down to me?  
we both rarely speak
