

Camero Cat, Show Time

"Hey girl, little girl
Wipe those tears,
What grinds your gear?
In this town lost in lies
Easy and right compromise..."

"He is smiling when they cheer, Sinister devil, ear to ear.
Reptile poison dazing art I hate with all my very little heart.
Not bad or right but in between. Mediocrity sin by the reptiles kin.
Join us, sings The Reptile Choir,
Listening to the biggest liar."
"Hoot with laughter! Hoot like fearless.
It's just a rubbish! Why so serious?
It's time to shake off. Time is calling!
Colorless era's falling
Mock! Derision! There's your gun!
You have more at your command...
Time has come! Mock the shit!
Turn a liar town into the town of wit!"

"He is coming and he's sad, Sinister angel with the bag,
Pulling out of it sin tokens to recall what we've forgotten.
Free to go! To have some fun!
Differing hero and the con!
Do not join the dazed Reptile Choir
Listening to the biggest liar."
Heart of the matter:
the answer is "no".
In this pondering, dear cat, you're not alone...

"Hey girl, little one why are you crying?
The heart of town is not dead yet but dying.
I will outwit Reptile Choir
'Cause I'm the biggest, bloody, dirty liar."
