

# Camila Cabello, Feel It Twice

Oh I'm scared if I look in your eyes, I might see your soul  
I know love is the loneliest place when you're fallin' alone  
Sittin' by the phone, holdin' on to hope  
Spendin' all night wonderin' why you let me go  
I wish you would felt how you feelin' two years ago

Ahh ah  
Hurts me to hurt you baby  
Lying awake, and every thing has changed  
Keeping a distance lately  
Kills me to kill you and I told you that I  
Felt it once, I can't feel it twice  
It's more than I can take baby  
Hurts me to tell you I don't feel the same

Yeah I can feel you still staring at me when I look away  
Can't imagine the pain that you feel when I kiss his face

That's when you said  
How can I be your friend  
When I know the way you taste  
It's almost 2am  
And I can't ask you to stay  
Don't know what's worse  
Gettin' broken or makin' it break

Ohh

Hurts me to hurt you baby  
Lying awake, and every thing has changed  
Keeping a distance lately  
Kills me to kill you and I told you that I felt it once  
I can't feel it twice  
It's more than I can take baby  
Hurts me to tell you I don't feel the same

Hurts me to hurt you baby  
Feels like there's nothin' I can say  
Hurts me to hurt you baby  
Kills me, I have to walk away  
'Cause I felt it once, I can't feel it twice  
It's more than I can take, baby  
Hurts me to tell you I don't feel the same

Feel the same  
Oh feel the same  
Oh feel the same  
Oh oh feel the same  
Oh
