

# Camila Cabello, Must Be Love

[Verse 1]

Wise men say, only fools rush in  
But I took your hand and I jumped right in  
I guess everything has a consequence, oh I, I  
I can hide, and put on a show  
'Cause the high are highs  
But the lows are lows  
You control me more than you've ever known  
But I wouldn't have it any other way

[Chorus]

Must be love  
Or this wouldn't hurt so much  
And I wouldn't think so much  
And I could just give you up, up, oh  
It must be love  
Or this wouldn't hurt so much  
And I wouldn't think so much  
And I could just give you up, oh

[Verse 2]

I fall hard, that's just how I am  
And I bend and break like a rubber band  
Everything gets real after two AM  
So don't, don't, don't look at me like that  
When you're the one that implied that  
'Cause I'm gonna look at you right back  
I promise you ain't gonna like that, yeah  
We fuss and we fight, forget that night  
And I wouldn't have it any other way

[Chorus]

Must be love  
Or this wouldn't hurt so much  
And I wouldn't think so much  
And I could just give you up, up, oh  
It must be love  
Or this wouldn't hurt so much  
And I wouldn't think so much  
And I could just give you up, up, oh

[Bridge]

Love, love, love  
And I could just give you up  
Love

[Chorus]

Must be love  
Or this wouldn't hurt so much (so much)  
And I wouldn't think so much  
And I could just give you up, up

[Outro]

Must be love  
Yeah  
Must be love
