

# Camila Cabello, Scar Tissue

[Verse 1]

I might say sorry way too much  
Unnecessarily nervous  
I feel every time, I feel again  
The sound of your name like a cut

[Pre-Chorus]

I tried to hold the pieces inside  
Tighter I held it, felt like a knife  
Blood from our oath, those are your hands not mine  
I used to laugh, just like a child  
I feel okay, just for a while, yeah  
Then I realized

[Chorus]

All I'm left with is this scar tissue  
Battle wounds after surviving you, oh  
I'm left with all the bruises, excuses  
The truth is:  
Trying to restart, that's the hardest part  
The scar tissue  
That's the hardest part  
The scar tissue, ooh, ooh, ooh  
The scar tissue, ooh, ooh, ooh  
That's the hardest part  
The scar tissue

[Verse 2]

Secretly dangerous  
The hurt that you're capable of  
I couldn't see you coming if I tried  
You pulled the trigger and hide

[Pre-Chorus]

I tried to hold the pieces inside  
Tighter I held it, felt like a knife  
Blood from our oath, those are your hands not mine  
I used to laugh, just like a child  
I feel okay, just for a while, yeah  
Then I realized

[Chorus]

All I'm left with is this scar tissue  
Battle wounds after surviving you, oh  
I'm left with all the bruises, excuses  
The truth is  
Trying to restart, that's the hardest part  
The scar tissue  
That's the hardest part  
The scar tissue, ooh, ooh, ooh  
The scar tissue, ooh, ooh, ooh  
That's the hardest part  
The scar tissue

[Post-Chorus]

Dealing with the scar tissue  
Everything you put me through, na na na yeah  
Dealing with the scar tissue  
Everything you put me through, na na na yeah  
Dealing with the scar tissue  
Everything you put me through, na na na yeah  
Dealing with the scar tissue

Dealing with the scar tissue, oh

[Bridge]

Oh, I'm not okay  
But I'm getting closer to it everyday  
Closer and closer 'til you fade away

[Chorus]

All I'm left with is the scar tissue  
Yeah, that's the hardest part  
The scar tissue (all the scars, ooh, ooh, ooh)  
The scar tissue, ooh, ooh, ooh (I'm going home, I'm trying)  
That's the hardest part  
The scar tissue

[Outro]

I'm going home, I'm trying (na na na yeah)  
I'm trying (na na na yeah)  
I'm going home, I'm trying (na na na yeah)  
I'm trying
