Camouflage, Blink

Waiting's over Feel it in my blood And in my veins All the pleasure and the pain Is coming back again

Shine a little shine on me From within I know that Life's making me a make believe ...

Like a little devotion
Hidden somewhere
Like a thief is waiting for the night
Like a precious emotion
Cautious somehow
Like a thief is waiting for the night

Words unspoken Floating from your mind Into your brain All the feelings, all insane Drives me on again ...

Shine a little shine for me From within i know that Live's making me a make believe ...
