

Cannons, Only You

Sometimes I feel dizzy
Sometimes I'm a mess
Sometimes I feel stupid
Sometimes I forget
Sometimes I feel amazing
But never too often

Unless I'm with you
It could only be you
And when I'm with you
Nothing else will do
'Cause it could only, be you

So draw me in closer
And as for my hand
Place it on your shoulder
So we can begin
'Cause I won't go slow dancing
And I won't feel a thing

Unless I'm with you
It could only be you
And when I'm with you
Nothing else will do
'Cause it could only, be you
