

# Cannons, Purple Sun

Stuck inside a dream  
Floating down a stream, with you  
Am I still your number one  
Will you swing up to the sun with me?

Black honey on my tongue  
Outlaws on the run, I run with you  
And when our time comes  
I won't come undone, cus I've got you

Baby I'm just having fun  
Underneath the purple sun  
Cus I like me when I'm with you

Baby I'm just having fun  
Underneath the purple sun  
Cus I like me when I'm with you

Time just drifts away  
While the night turns into day, with you  
Still you're by my side  
While the tide gets high, like you

Black honey on my tongue  
Outlaws on the run, I run with you  
And when our time comes  
I won't come undone, cus I've got you

Baby I'm just having fun  
Underneath the purple sun  
Cus I like me when I'm with you

Baby I'm just having fun  
Underneath the purple sun  
Cus I like me when I'm with you

Baby I'm just having fun  
Underneath the purple sun  
Cus I like me when I'm with you

Baby I'm just having fun  
Underneath the purple sun  
Cus I like me when I'm with you

When I'm with you...
