

# Cape, Tic Tac

Intro:

Tic tac goes the clock again  
Tic tac goes the clock  
Tic tac goes the clock again  
Beating in my head like a big drum

Verse 1:

Everyday when you call me up  
I know that you want some  
But I won't give until I get - no  
You've gotta learn how to take your time  
You walk away satisfied  
And my satisfaction you forget ' yeah  
So when the lights go out  
Just take it slow  
We ain't got no place that we gotta go

Chorus:

'Cause we got all the time in the world  
We got all the time in the world  
So/now don't you rush it (babe)  
everytime you touch it (yeah)  
We got all the time in the world

Verse 2:

So when you learn how to treat me right  
You're gonna get it every night  
Just you remember what I said  
You gotta learn how to take your time  
and walk away satisfied  
my satisfaction you forget  
So when the lights go out  
Just take it slow  
We aint got no place that we gotta go

Chorus:

Bridge:

Tic tac goes the clock again  
Beating in my head like a big drum  
You're too fast I want it to last  
But you can never relax when you give me some  
Now what's that is it time to quit again  
Tell me how it was when you wake up  
Oh no here we go again  
You better chill out cause I had enough  
So when the lights go out  
Just take it slow  
We aint got no place that we gotta go

Chorus out'.
