Capital Cities, One Minute More

Don't wait for an invitation No need for reservation This life is an exploration And you gotta see what I see in you

I can't wait one minute more The sun will shine The sun will shine We can't wait one minute more The sun will shine The sun will shine

Just think of the destination I'll be your transportation We'll find there's a kind of place That can only be seen with a naked mind

There's a key that opens a door Will you find it and turn it? Take your time, don't take too long There's a map that's washed ashore Will you find it and burn it?

Unleash your imagination Two stars, one constellation Bright lights just to guide the way Can you see what I see in you?
