

Captain, Glorious

I don't want it,
I don't want tonight to stop
No more waiting,
no more wishing from the top
Do you hear it,
do you hear the only sound
No more dying,
no more wishing from the ground

It's a glo-o-o-orious town,
it's a glo-orious town
It's a glo-o-o-orious town,
it's a glo-orious town

They don't like it,
they don't like the way you look
Do you care about it
and do you hear the words come out
Cause I don't want it,
no I don't want tonight to stop
No more waiting,
no more wishing from the top

And I can feel it in the air
it's better with you around
...

And I can feel it in the air
it's better with you around
