

# Caravan, Jack And Jill

I&#039;d lost all the breath within me  
As I went up on the hill  
When there she was, with a sad expression  
Saying, oh my name is Jill  
And I can&#039;t find how to get some water  
Can you help me? Say you will!  
For your time I will reward you  
And you know I surely will

How could I refuse a lady  
When she&#039;d put it quite so well?  
There was I in a situation  
With no-one around to tell  
So all that day, I put some water  
In the bucket by the well  
When she smiled, I felt her harder  
But on the way I fell... down

Down - right down the bottom  
Ooh ooh ooh - right down the bottom

I didn&#039;t mind spilling all the water  
If I&#039;d satisfied myself  
There the time didn&#039;t really matter  
It could have been somebody else  
She would say I will reward you  
And even thought it cost a crown  
Now I find my life is sweeter  
Every time I fall down...

So all that day, I put some water  
In the bucket by the well  
When she smiled, I felt her harder  
But on the way I fell... fell... fell... fell...

Down - right down the bottom  
Ooh ooh ooh - right down the bottom
