

Carla Fernandes, Amigo

Don't you joke
That you're giving your all
When you're really just hoping
I won't know
That you're messing around
With my chicas, amigo
So listen, I'm not just a shoulder that you can cry on
Every time a girl tells you that you can get gone
Sorry, boy
But you're not really worth
Putting any work in that

I don't really care about you anymore
I'm just gonna stick my chicas, amigo
Don't you even bother saying any lies, bye, bye
Go pack your things, bye, bye

Bye, bye
Bye, bye
You're not really worth it
Bye, bye
You're not really worth it

What a show
I'm just one of the girls
You had in the audience
Me, I'm on
I'm so excited
We're closing this chapter

I don't really care about you anymore
I'm just gonna chill with another amigo
Don't you even bother saying any lies, bye, bye
I'm over it, bye, bye

Bye, bye
Bye, bye
You're not really worth it
Bye, bye
You're not really worth it

I'm not a shoulder that you can cry on
Every time you're told you can get gone

Bye, bye
Bye, bye
[You're not really worth it
Bye, bye
You're not really worth it
Bye, bye, yeah, yeah, yeah
You're not really worth it
